R1: THW allocate all scholarships and financial aid exclusively on the basis of financial need.
R2: THS the continued consumption of old novels and films that endorse, even tacitly, beliefs that would today be considered bigoted.
R3: THW ban third parties from financing tortious litigation.
R4: THW impose targeted sanctions on the intelligence, military, and political leadership of Pakistan.
R5: THBT the feminist movement should campaign for the equal sexualization of men in the media as opposed to campaigning against the sexualization of women.
R6: THR the mass automation of jobs previously performed by humans (e.g. self-driving cars, self-checkouts).
Quarter final: THBT the EU should impose punitive measures on the UK in the Brexit negotiations
Novice Final: THW factor "public horror" into the punishment of a crime.
Semifinal: THR the inculcation of national identity through shared rituals (e.g. national ceremonies, anthems, pledges of allegiance, etc.)
Final: "As a lifelong liberal activist, I remember when university demonstrations meant protesting the Vietnam War, the invasion of Iraq, or the failure to intervene in the Rwandan genocide. Today, however, I find myself dismayed by the radical Left's new politics: their increasing provincialism, their ever-growing list of do's and don'ts, their impulse to instill self-censorship as well as to promote real censorship, and to deploy sensitivity as an excuse to be brutally insensitive to any perceived enemy." THR the new politics of the campus Left.
